

# Langley Academy

ACTING principal Mike Blewett praised parents for helping their children achieve success in their exams.

He said: "We are proud of the students and even prouder of their parents, who have supported this new academy since it was launched three years ago.

"They know that we want to achieve success for this academy."

Mr Blewett said 70 per cent of grades were A\*-C.

He added: "Our International Baccalaureate (IB) students also fared well, with one student achieving the top mark of seven for French."

Fahd Ahmed secured two A\*s and an A in maths, further maths and physics and is off to Manchester to study aerospace engineering.

Zaryab Shaikh achieved the

same results and is going to Warwick to study mathematics and physics.

Andrew Anstee, from Langley, passed three As in his BTEC sports exams, and one day hopes to manage Reading Football Club.

He will study at Buckinghamshire New University.

Aaron Swann, 19, from Britwell, also passed three As in his sports BTEC, will study at Bath University, and may become a PT teacher if he fails to become a rugby star.

Hanna Jose achieved an A and three Bs and will study at Royal Holloway University, Egham.

Hanna, 18, of Langley, grabbed an A in maths, and Bs in further maths, ICT and Portuguese.

Her career? "Something to do with maths," she said.
